

(Unclassified // FOUO)

CSWC Operational Period Summary

0600 March 03 2017 to 1800 March 03 2017

The City of Sacramento will have to clear trash and debris from the edge of the American River near Northgate Boulevard and Garden Highway. A joint effort between the county's parks department and waste management department will be completed once the water recedes.

911 Intrusion, Rocklin, Placer County

On 03/03/17 at 1507 hours the California State Warning Center (CSWC) received notification from the Cal OES Public Safety Communications Office that Rocklin Police Department and Placer County are experiencing an intrusion on their 911 system due to a 2G hack.

Per the Cal OES Executive Duty Officer (EDO):

- At 1633 hours, Rocklin PD Communications Supervisor advised that investigators are on scene working with T-Mobile and have identified the affected towers and phone numbers associated with this occurrence. Those phone numbers have been blocked, however, the phone numbers are changing and the problem persists.

Per the Cal OES Inland Duty Officer (IDO)

- At 1648 hours, Placer County SO advised they have had approximately 30 calls today related to this situation and have not been heavily impacted.
- Placer County SO is in contact with the Federal Bureau of Investigations (FBI) and will work under their guidance to assess what public messaging will be disseminated to the public if any.
- All Cal OES Duty Officers continue to monitor and gather information and will provide updates as they become available.
- Currently there are no request for assistance and no unmet needs at this time.

Cal OES SOUTHERN REGION

SITUATION SUMMARY

Oroville Dam Auxiliary Spillway Incident

Per the DWR Flood Operations Center and California Data Exchange Center (CDEC) as of 03/03/17 at 1700 hours:

- As of 02/27/17 at 1300 hours, the Oroville Dam outflow was stopped from the gated spillway to aid with debris removal in the channel.
- Inflows are at 15,012 cfs.
- The current lake elevation is 849.18 feet. As result, no water is flowing over the auxiliary emergency spillway.
- The plan to prevent further erosion utilizes trucks, helicopters, and hand crews to move large rocks and gravel to fill holes in the emergency spillway.

Activations

- Starting on 03/01/17, the Department of Water Resources (DWR) Department Operations Center (DOC) will operate from 0630 to 1730 hours. Relocation from the Cal OES building to the Resources Building will occur on 03/04/17.
- The Flood Operations Center (FOC) is staffed in two 8-hour shifts (0600 to 2200 hours), and will be at duty monitor status from
- 2200 to 0600 hours.

Mission Tasking

- 2017-SOC-31385: Laundry trailers Laundry Service - Silver Dollar Fairgrounds – On Scene.
- 2017-LAW-33194: 24/7 Security at Chico Staging Area – On Scene.
- 2017-SOC-33363: Road Repair (Butte County) – On Scene.
- 2017-SOC-34379: Caltrans Resources of 1 each engineer/technician and associated ground penetrating radar inspection equipment – Coordinating.

SITUATION SUMMARY

Cal OES INLAND (continued)

Declaration

Presidential Emergency Declaration, FEMA-3381-EM

- Federal emergency aid has been made available to the State of California to supplement State, tribal, and local response efforts due to the emergency conditions resulting from the potential failure of the emergency spillway at Lake Oroville Dam beginning on 02/07/17 and continuing.

Proclamations

- Governor Brown issued a Proclamation of a State of Emergency on 02/12/17 due to the Oroville Dam Auxiliary Spillway Failure.
- **Butte County**
 - On 02/17/17 the CSWC received a ratified proclamation from Butte County for the Oroville Spillway Incident requesting any State and Federal Assistance.
 - On 02/13/17, the CSWC received a proclamation from Butte County due to the Oroville Dam Auxiliary Spillway Failure. There are no requests for state assistance at this time.
- **Glenn County**
 - On 03/03/17, the CSWC received a ratified proclamation from Glenn County requesting a Governors Proclamation, State and Federal Assistance due to the Oroville Dam Auxiliary Spillway Failure.
 - On 02/17/17 the CSWC received a proclamation from Glenn County proclaiming a state of emergency due to the Oroville Dam Auxiliary Spillway Failure at this time there is no request for state assistance at this time.
- **Nevada County**
 - On 02/22/17, the CSWC received a ratified proclamation from Nevada County proclaiming a state of emergency due to the 2017 February Oroville Auxiliary Spillway Failure incident. The county has requested a Gubernatorial Proclamation, Presidential Declaration, and any state and federal assistance to include funding assistance through the California Disaster Assistance Act (CDAA).
- **Sutter County**
 - On 02/16/17, the CSWC received a proclamation from Sutter County due to the Oroville Dam Auxiliary Spillway Failure requesting Director's Concurrence, CDAA, and federal assistance.
 - On 02/23/17, the CSWC received a proclamation from the City of Live Oak, Sutter County due to the Oroville Dam Auxiliary Spillway Failure incident. There are no requests for state assistance.
- **Yolo County**
 - On 02/15/17 the CSWC received a resolution from Yolo County for the 2017 February Oroville Auxiliary Dam Incident. The County is requesting a Directors Concurrence, Presidential Declaration, and CDAA.
- **Yuba County**
 - On 02/13/17, the CSWC received a proclamation from Yuba County due to the Oroville Dam Auxiliary Spillway Failure requesting Gubernatorial and Director's Concurrence.

SITUATION SUMMARY

2017 February Winter Storms

Cal OES Coastal Region

- Coastal Region continues to monitor activity throughout the region, including the impacts from storms that brought significant wind, and heavy rains.

EOC Activations

- City of San Jose to Level 3

Flooding

Santa Clara County

City of San Jose

Per the Cal OES Law Duty Officer on 02/26/17: **(Final)**

- At this time some of those residents have been allowed to return home, however approximately 3000 people from 765 units/homes remain under a mandatory evacuation order.
- Per Cal OES Coastal Duty Officer on 03/02/17, a total of 480 units have been yellow tagged in the impacted area meaning that structural and/or utilities issues have been identified and reentry is permitted at the resident's own risk.
 - The city building team is working to help those properties with improvements or utility hookups that will enable them to be clear for reentry area status.

Local Assistance Center

Santa Clara County

- A Local Assistance Center (LAC) is open at the Shirakawa Community Center, San Jose.
- Cal OES Individual Assistance (IA) are assisting. The hours of operations are:
 - 03/01-03/03/17: 1000-2000 hours
 - 03/04/2017: 0900-1600 hours with an extension possible until 03/09/17

WEATHER OF CONCERN

Weather of Concern

- A storm over the Pacific Ocean will bring rain, snow and gusty winds to mountainous and valley locations through Monday.
- Rain and snow will continue into Monday with rain totals around 0.40 inch to over an inch. Snow totals will range from light accumulations between 1500 to 3000 feet elevation and up to 3 feet of snow near passes.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php - Temporarily unavailable. NWS is in the process of repairing the page.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

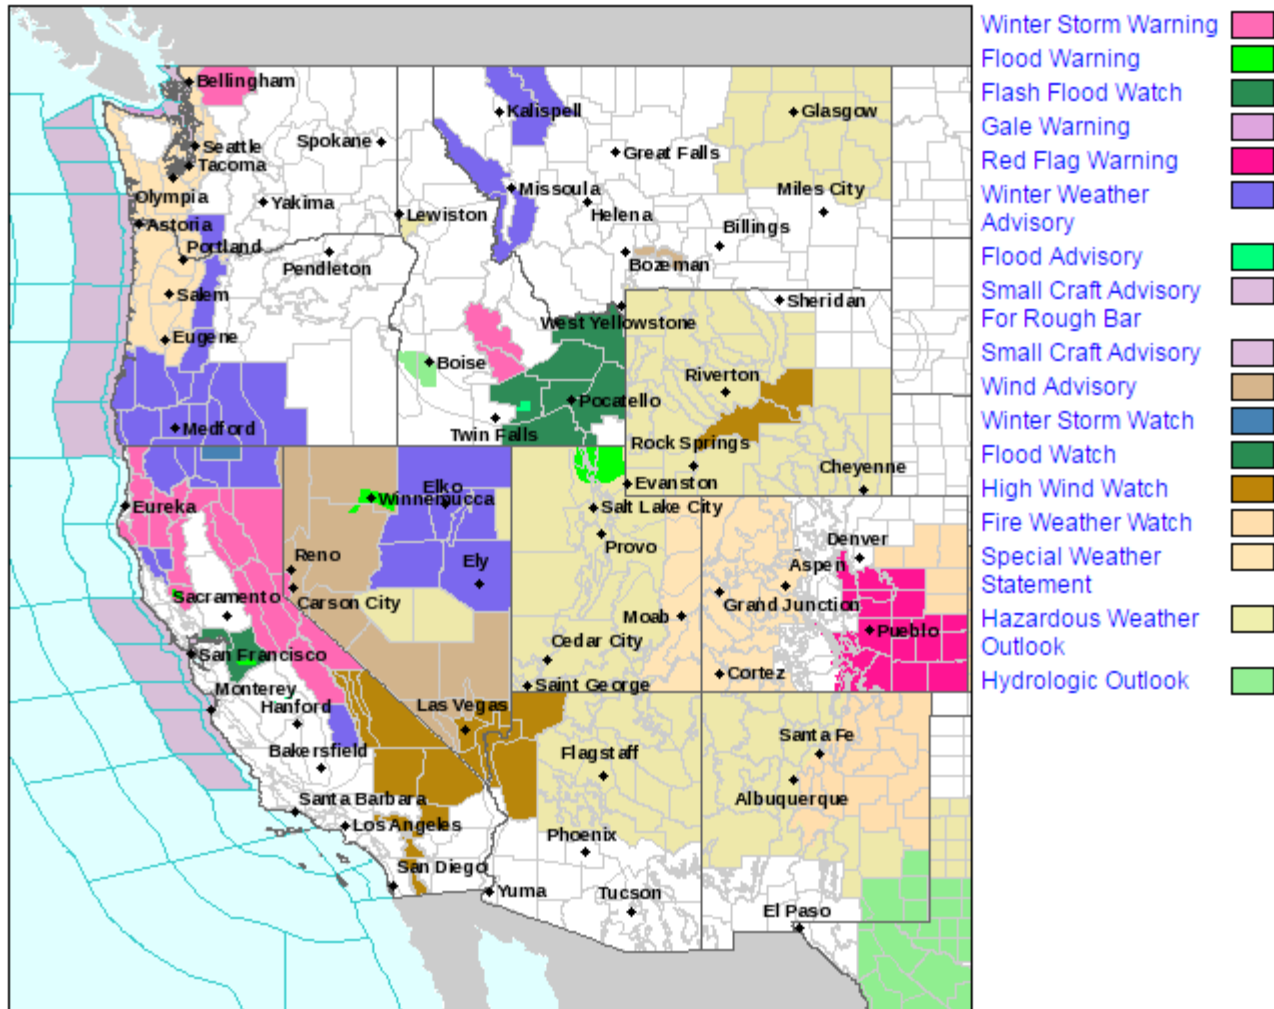

A deep low pressure area is in the Gulf of Alaska and a trough extends down the U.S. West Coast. Mid and high clouds associated with the system are already spreading over the region, and light rain will reach Siskiyou, northern Humboldt, and northern Trinity Counties by late this afternoon. Snow levels will start out around 5000 ft. A cold front associated with this system will move into the region late tonight with moderate to heavy rain and gusty south winds. The front will continue moving toward the southeast throughout the day on Saturday. South winds along and ahead of the front will gust to near 60 mph in the most wind-prone mountain locations, and 30-40 mph elsewhere. As the front passes winds will diminish and snow levels will drop. Snow levels will drop to 2000 feet in the north and 4000 feet in the southeast by late Saturday. Sunday and Monday will be cold and breezy across the region. Mountain areas will have widespread showers and valleys will have scattered showers. Snow levels will be as low as 1000 feet in the north and 2000 feet in the south. A warming and drying trend will take place Tuesday through Thursday as weak high pressure moves overhead. However, there may still be a few showers in far northern areas as storm systems pass through the Pacific Northwest.

SOUTHERN CALIFORNIA

This weekend, a deep low pressure area will approach the Pacific Northwest. The tail end of an associated trough will pass through the region Saturday night and Sunday, leading to much cooler temperatures and scattered showers. Rain will begin first along the central coast Saturday afternoon before reaching the rest of Central California Saturday night. Some light rain will be possible over Southern California late Sunday morning. Most of the precipitation will occur from Fresno and Monterey Counties northward where 1.00 – 1.50” of precipitation will be possible. Snowfall will reach 1-2’ in the Sierras from Yosemite Northward. Southern California will likely see 0.10 – 0.25” with locally higher amounts on the south-facing slopes. Highs this weekend will be back in the 30s in the mountains to the 60s at lower elevations. West winds of 20-30 mph with gusts to 50 mph will be possible in the mountains and high desert Saturday night and Sunday. Expect north winds of similar velocities Sunday night into Monday. Warmer and less windy weather will return by the middle of next week.
